For those who wish to know the SD in the Catalogue, the formula is:
 $SD = (CV * FD) / 100$

Unfortunately, we were unable to obtain a high enough worm burden to accurately obtain WEC ASBVs.

Challara has been actively vaccinating against Ovine Johnes Disease for the last seven years. Tested OJD free in Autumn 2018.

This year, Challara has provided more syndicate sire pedigree information, which has improved the accuracy levels of the rams being offered for sale.

All missing data that has been tested will be written on penning cards on the day of the Challara Ram Sale.
